VOL. LXXIV.

NUMBER 33

ROUTE 173 east of the Soo Line tracks on the outskirts of Antioch is shown in this photograph (lower picture) taken last Thursday afternoon before snow drifts piled up by Tuesday night's and Wednesday's blizzard had been cleared off. The larger picture shows route 173 not far from the site of the other photo as it looked last Friday afternoon when plows had cleared the snow off the roadway. The "stop" sign at the right had a lot of real meaning until this road was cleared for drifts blocked the highway for some distance east of this point (in distance). The building at the top of the lower picture is just out of the other photograph behind the "stop sign." The road going off into the lower right-hand corner is Grimm road. (Antioch News photos)

Antioch Township to Buy New Plow-Grader Combine

A new combination road grader and snowplow will be added to the Antioch Township equipment to replace one that gave trouble during last week's blizzard, supervisor Lloyd Murrie reported.

The breakdown of a township plow and grader caused some roads to be plowed later than others. He said the grader was at least 20 years old and needed replacing anyway.

By Friday repairs had been made so that plowing of subdivision roads could be done.

Murrie explained that township roads come first.

Antioch Township will borrow the money to buy the grader-plow and may have it for use within a couple of weeks. Not enough money is available right now to take it out of ready cash for this purpose.

Cost of the new equipment is estimated at about \$22,000.

Murrie said that snow removal equipment from southern Illinois was brought into Lake county and some was seen in the Antioch area to help clear snow-clogged roads.

In addition to this and regular state, county and village plows, private equipment was hired.

Monday and Tuesday in Antioch village crews removed snow piled up by plows and shovellers along downtown curbs at the crosswalks so pedestrians would have less trouble crossing Main Street.

Route 173, where it was blocked east of route 21 near Antioch, was cleared of snow Thursday night. North avenue east of the village and

outside the village limits toward U.S. highway 45 was cleared about the same time.

Trucks and many vehicle stuck in the snow on route 173, slowed the clearing of that highway east of Antioch.

Schools in and around Antioch were closed last Wednesday, Thursday and Friday, with the latter day a scheduled vacation date anyway, it being Lincoln's birthday anniversary.

There was hardly a person living in this area who didn't have a tale of his or her own experiences during or after the blizzard.

One couple, for instance, couldn't reach their home in rural Lake Villa last Wednesday night and had to spend the night in a motel at the junction of route 173 and 21-83 just south of Antioch.

Trucks and cars were stalled along 173 near the village and their drivers and other occupants sought refuge in farmhouses and restaurants. A drive around major road inter-

Musical Show Ends Feb. 18 At Hi School

Thursday evening, Feb. 18, will be the final night for the Musical Showboat' being presented in the Antioch-Lake Villa high school auditorium by the Antioch Township High School Music association.

The first performance was scheduled last evening (Wednesday).

Show time will be 8:15 with many of those taking part being favorites from two earlier shows. However, many new faces are seen in the brand new 1960 production.

Among the "old timers" returning are Lila Palinski, Joe Rush, Bill Brook, Dr. James Kopriya and Yvonne.

New faces in the show include Joan and Carol Cervenka, Mabel Lou Dow and the Hank Kubicki combo.

The minstrel show format has been set aside in favor of a straight variety show presentation.

Those taking part say the final scene of the show promises to be one of the greatest examples of musical art ever to be seen at Antioch high school.

Public Lecture On 'Planning' Set For Grant

By Jim Jankowiak

Robert Morris of the Lake county regional planning board will be featured speaker in the third of a series of public information talks to be given at the Grant Community High School in Fox Lake.

The lecture will begin at 8 p.m. in the high school auditorium. The date will be Tuesday, Feb. 23.

The series of talks is being given by the Fox Lake Hills Property Owners' Association as a public service.

Already Morris has delivered two interesting and well received lectures — one on planning processes and the other on planning studies and the action program.

In the future, there will be more talks and more qualified speakers. Among those on the calendar are talks by Norris Froelich on Lake county law enforcement, and John Morris from the Lake county board of health.

The coming talk will be quite interesting to everyone in and around the area as it concerns a process which most of us need enlightenment on. The name of the talk will be zoning and subdivision regulations.

After the talk, there will be a short intermission and afterwards a questions and answers period in which listeners will have the opportunity to clear up any thoughts on which they have been confused. The questions can be either oral or written.

Astronomical Society Members Sought Here

People interested in organizing an astronomical society in this vicinity, including Antioch, plan to meet in the near future, Vianna Biehl of Lake Villa said this week.

She asked that anyone wishing to form such an organization or to join to call her at Elliot 6-6881 or write her at route 4, box 196, Lake Villa. A meeting date will be announced later.

sections where a great deal of plowing was necessary to clear roadways gave a good indication of how deep the snow had been piled.

Grade School Teachers Ask Raise In Salaries

Driver Killed In Silver Lake Auto Mishap

SALEM, Wis. — Felix H. Roberts, 64, of route 2, box 51, Salem, died at a Burlington hospital last Friday from injuries sustained when his car and a Soo Line train collided in downtown Silver Lake village.

The mishap occurred last Thursday afternoon at the Lake street crossing near the Silver Lake state bank building.

Kenosha county sheriff's deputies said Roberts was driving east on Lake street when the Soo Line train No. 29 moving northwest through the village struck the vehicle broadside and hurled it into a warning signal.

Another car, this one being driven by Charles S. Pierre of box 229, Silver Lake, had stopped his west-bound car on the east side of the crossing, to allow the train to pass.

Conductor K. C. Giebel and Engineer H. J. Hardin of the train crew said the automatic crossing light was working and that the train's whistle had been sounded approaching the crossing.

The Silver Lake Rescue Squad and a Silver Lake physician went to the crash scene as did two sheriff's deputies, Ernest Oberhofer and Richard Kreth.

Deputies Hardy Schmalfeldt and Alfred Oetting were near the scene at the time of the mishap.

Roberts was born in Walworth county, Wis., on Oct. 22, 1895, a son of the late Joseph and Mary Roberts. He spent his early life near Burlington and operated a farm near Slades Corners for many years.

He was married on Nov. 18, 1919 to Miss Frances Tanking in New Munster. Prior to his marriage he served in the U.S. army during World War I. He was a member of St. Alphonsus church and of the Holy Name society there.

He moved his residence to his present Salem township home on highway 50 near Silver Lake about four years ago.

Surviving are his widow, Frances; a daughter, Mrs. Lorraine Bauman of Burlington; four sons, Stanley in Denver, Cletus in Milwaukee, Ronald in Kenosha and Norman at home, and nine grandchildren.

Also surviving are three sisters, Mrs. Louise Thomas of Kenosha, Mrs. Herbert Albrecht of Burlington and Sister Mary Laetitia, Chipewawa Falls, and three brothers, Leo and Ed Roberts of Kenosha, and Verne, Burlington.

New Pack Meet Slated Saturday

A newly organized Cub Scout pack in Antioch will hold its first meeting at 1 p. m. Saturday, Feb. 20, in St. Peter's school hall, leaders announced this week.

All boys ages 8 to 11 years old wishing to join this pack should attend this meeting, together with their parent(s), if possible.

Den mothers or their assistants will be present for introduction to the people present and details will be discussed regarding the pack's programs, uniforms and the like.

'All Number Calling' Plan Set for Antioch Exchange

A new system of telephone numbering will be introduced in selected Illinois Bell Telephone communities starting in 1960.

Called "All Number Calling" (ANC), it uses seven numerals instead of the familiar two letters, five-numbers.

A typical ANC number would be shown as 395-9981, D. L. Hood, manager of the Antioch telephone office, told the local Lions club recently.

The proposed plan for the new Antioch dial building provides for Antioch to be on the all number calling plan, he said.

The major need for all number calling is brought about by continued growth of direct distance dialing (DDD).

Eventually, the company would run short of usable neutral prefix codes for DDD calling in densely populated areas under the present numbering systems, he stated.

To make nation wide direct dis-

Pool Building Hurt

Some damage to the Antioch swimming pool building was reported this week by police chief Walter Scott.

He said the door to the dressing room structure was "beat up" by persons trying to enter. Also a fiberglass panel at the entrance to the men's dressing room was damaged.

Mary Somerville, Ex-Bakery Owner Here, Dies At 85

Mary (Mollie) Somerville, 85, of 931 Main street, Antioch, died last Friday morning in the Manor Nursing home at Mesa, Ariz.

She was born March 9, 1874 in New York City, moving to Chicago at the age of 4. She was married to Thomas A. Somerville in Chicago on June 16, 1896. He preceded her in death in May 1932.

They operated a bakery in Chicago and later a bakery and restaurant in Highland Park from 1897 to 1902. They moved to Antioch and operated bakeries from 1902 to 1932.

Operating the first bakery and restaurant in Antioch, it was in the old opera house owned by Jim Wilton and located where the First National bank now stands.

They next rented space in Charles Sibley's building, where Baethke's barber shop was later located, and later built the building where Pederson's Bakery now operates.

Mr. Somerville sold the business in 1932, due to failing health.

Mrs. Somerville was spending the winter in Mesa with her son, T. Earle Somerville. She went there Oct. 1, 1959.

She was a 50 year member of Antioch chapter, Order of Eastern Star.

Surviving are her son, T. Earle of Mesa; one brother, Barney Bernbaum of Cleveland, Ohio; a sister, Mrs. Minnie Rosenkranz of Brooklyn, N. Y.

Funeral was Wednesday afternoon at St. Ignatius' Episcopal church in Antioch, with Rev. Edmund Hood officiating. Interment was in Hillside cemetery, Antioch. Strang funeral home was in charge of arrangements.

Fire Truck Bids Sought

Antioch's first fire protection district this week is asking for bids until Friday, March 4, on purchase of a truck chassis and cab with a triple combination pumper to be mounted on the chassis.

Specifications will be made available to all parties wishing to bid. These may be obtained at the office of attorney Edward C. Jacobs in Antioch, or of Irving B. Elms, secretary.

Bids must be addressed to Fire District secretary Irving B. Elms, and be in his hands on or before 8 p.m. March 4, 1960.

The fire district's board of trustees voted to ask for bids at a meeting held last Saturday.

Special Classes For Handicapped Receive Approval

Three members of the Antioch grade school board of education will meet with three teachers from the Antioch and Oakland grade schools to discuss a salary schedule for the coming school year.

A delegation of teachers met with the board Tuesday evening to propose a \$500 increase in salaries for local grade school instructors. They said teachers elsewhere had been asking from \$400 to \$600 raises.

The joint committee will report at the March 15 board session, next regular meeting night for the trustees.

Sixty teachers would be involved between the two grade schools.

The board voted to join a Lake-county wide special education for one year, if and when it is organized. All schools in the county would be included except those which now have special education units of their own.

SPECIAL EDUCATION would include classes for the physically handicapped, hard of hearing, educable mentally handicapped, multiple handicapped, trainable mentally handicapped, partially sighted, impaired hearing, impaired speech and socially maladjusted.

Cost to the Antioch grade school district would be based on \$1 for each pupil registered, or about \$720 as of now, plus providing room space and a teacher, if necessary.

Board member ElRoy Anderson was named to represent the board at a meeting to discuss formation of this district in Libertyville next Wednesday evening.

Two school days last week (Wednesday and Thursday) lost due to the blizzard and bad roads will be made up during spring vacation.

A drop in the enrollment at Oakland school indicates that there will be little if any change in the number of pupils enrolled there when school opens next September than at the peak of 265 reached this winter.

Principal Clifton Houghton told the school board about 24 will be coming up to the first grade from kindergarten and about 26 will be graduating, almost evening out the number enrolled.

ANOTHER 15 normally would be expected to enter from out of town. Board member Charles Wertz announced that he would not be a candidate for reelection after serving for 12 years.

Anderson as of this week Tuesday was the only declared candidate for re-election, having taken out nomination papers.

It was voted to purchase a 16-inch carriage Royal electric typewriter for the Oakland school and to trade-in or sell at least two old models on hand. It would be sold by Lake County Office Equipment Co. in Waukegan.

Purchase of a gym mat and a three sectional stall bar 9 feet high for the Oakland school gym also was approved.

Rescue Squad Aids Mothers

Antioch's Rescue Squad had their hands full in more ways than one during and after last week's blizzard which turned county and state highways into impassable roads due to snowdrifts.

Two "baby calls" were answered, and in one of them three Rescue Squad men presided at the actual birth in the squad's ambulance enroute.

Taking charge of the delivery Friday night enroute to Zion hospital for Mrs. Wayne Erickson's baby were Jim Fields, Tom Haley and Everett Oftedahl. Mrs. Erickson lives in the JC resort.

She was placed in the same ward with Mrs. Jack Larson, whose baby was born enroute to Zion hospital while she was riding in a state highway patrol car last week Wednesday evening.

The second "baby case" attended to by the Rescue Squad was that of Mrs. Harold Golden of Smith's Subdivision, Cross Lake. This took place Wednesday night of last week.

Dr. Allen Thain was assisted in the delivery at the Golden home by Herman Holbeck and Oftedahl of the Rescue Squad.

DEAR READER News Editorials**A Job Very Well Done**

Antioch village's street department crews should be taking the bows this week after the fine job of snow clearing they did during and after last week's blizzard that closed so many state and county routes in this vicinity.

Starting about 9 p.m. last Tuesday, two plows and a grader with blade worked all that night and all the following day clearing the village streets of the white mantle that drifted several feet deep in many places.

Village residents woke Wednesday morning to a continuing blizzard but the streets were open to those who could get their cars or trucks out to the roadways.

The grader was taken off the job Thursday because the snow was just too much to handle for that vehicle. But the two village plows continued their job of clearing and widening the streets.

Some of the village crews didn't get any sleep for more than 24 hours.

The equipment held up with only minor repairs being needed to one of the plows.

Snow was about 5 inches deep when the crews started the job last Tuesday evening. Continual plowing from then through Thursday kept the crews ahead of the snowfall to the extent no village streets were closed for very long.

This week Monday the village was clearing snow from the downtown streets so vehicles could park better and pedestrians could move with more ease and safety.

To Ed Simonsen and all his crews, many thanks for a job well done.

A Word of Thanks From the Village

Village of Antioch employees expressed their thanks this week to home and business owners and occupants who lent a hand by shoveling out fire hydrants after last week's blizzard.

It not only saved the village crews a job that they otherwise would have to do but indirectly it probably speeded up snow removal.

One water department employee told the Antioch News that at least 25 fire hydrants had been shoveled out by nearby residents and/or business people by late last week.

While this number is not all the hydrants in town, even 25 being taken care of was a help to the village.

The hydrant you shoveled out may be the one that will help save your home or place of business from destruction by fire.

Don't be afraid you may shovel too much.

Clearing away from the twin outlets on each hydrant is a help. But if you clear away from all around the hydrant so men can maneuver around it and so the outlet will show plainly from the street, it will aid firemen even more.

For the help you contributed, your village and its employees say "Many thanks. Your shoveling around the fire hydrants was a big help."

\$3 Per Year in Advance in Lake, Cook, McHenry and Kenosha Counties.
\$4 Per Year, Elsewhere**Storm Delays Men's Arrival**

By Mrs. Edward Bernau

LINDENHURST—More than one wife was worried last week Tuesday night and Wednesday morning when her spouse didn't arrive home on time.

One of those was Joan Plouviez of White Oak drive. Ted works for Johnson Motors in Waukegan. Usually home by midnight, he didn't arrive home until 8:10 Wednesday morning.

He got stuck in the snow four different times and had to be pushed out. Finally he gave up and walked

home. He was cold and tired when he finally arrived.

Another wife who waited was Helen Mindak of Hawthorne drive. Frank, due home about 2:30 Wednesday morning, didn't get there until 4 p.m. Wednesday.

He got stuck in the snow drifts shortly after leaving the toll road. He and several other Lindenhurst residents finally were asked to have breakfast at a farmhouse nearby after spending several hours out in the cold.

Then Frank and the other men trudged home, almost four miles in the blizzard. No phone calls could go out from the farm house so none of the men was able to call home.

Neighbors were happy too, when the men arrived home safe, but very tired and cold.

A lot of men wished they had remembered their Boy Scout motto "Be Prepared" last week when the "big snow of 1960" caught them unprepared.

Very few had snow shovels or blankets in their cars, when they were stalled on the road. They might have been able to shovel themselves out if they had a shovel, or kept themselves warm if they had a blanket in the car.

A few candy bars in the glove compartment would have given them a little nourishment. A full gas tank would have enabled them to keep the car running to heat the interior.

An extra sweater, gloves and rubbers would have come in handy. And most of all, that extra package of cigarettes and matches.

Lyons-Ryan Legends

"It's practically impossible to stall the motor since I had it tuned up at Lyons-Ryan Ford!"

'Blue and Gold' Banquet Scheduled At Channel Lake School Feb. 20

By Mrs. Pearl Kappel

CHANNEL LAKE—Cub Scouts of Pack 88 will hold their first annual "Blue and Gold" dinner on Feb. 20 at the Channel Lake school house. All parents of Cub Scouts are being urged to attend.

Awards that the boys may have won will not be presented unless the boys' parent or parents is present.

James Briski will show slides of the Philmont ranch for Scouts in New Mexico. Scoutmaster Ray Atwood will show slides of Camp Ma-Ka-Ja-Wan.

Guests of honor will be the den chiefs, Mr. and Mrs. Ray Atwood, Mr. and Mrs. James Briski, Mr. and Mrs. Hod Peabody and Mr. and Mrs. Lewis Rogers.

Cub Scouts of Pack 88 had a booth illustrating toothpick craft at the Scout-O-Rama held at the Lake County fairgrounds on Feb. 13.

Some of the articles they displayed were neckerchief slides, pins, a swing set complete with teeter-totter, and a dog house, all made of toothpicks.

Members of the organization who attended the booth during the day worked on various articles for the instruction of viewers.

Members who helped in the booth during the day were Margaret Runyard, Douglas Runyard, Tommy Runyard, Bruce and Mark McKinney, Barbara Bjork, John Bjork, Mike Bolton, Mike Ring, Mike Dowell, Lorraine Lemke, Bobby Lemke.

Guy and Tim Trussell, Craig Patterson, Ted and Michael Sobey, Jeanne Burdord, George Lynch, Kevin Jarvis, Dennis and Richard Lebowski, Phil Burdord, Bill Ganzer.

Allen Kriesant, Ray Frank, Dennis McCarthy, John Eckert, Paul and Martin Lulof, Calvin Trussell, Ken Buell, Paul Kaleth, Fred Bolton and Dolores Eckert.

All Cub Scouts attending Scout-O-Rama will receive the 1960 Scout-O-Rama patch.

The Channel Lake Community club held its regular meeting Feb. 9 at the school. Scoutmaster Ray Atwood showed slides of the Boy Scouts taken over the last year. They included pictures taken at Camp Ma-Ka-Ja-Wan and at the Boy Scout court of honor.

The Scouts are sponsored by the Community club. Many Scout parents were present to view the pictures.

President Lewis Rogers called for

volunteers for a nominating committee, to select candidates for new officers for the Club. Elections are slated for the March meeting.

No volunteers were available, and the meeting closed with no decision having been reached as to further activities of the club.

Don't forget the square dance to be held at Channel Lake school on Feb. 27. Tickets will be sold at the door.

George McNulty, Woodcrest Sub-division, was taken to Zion hospital on Feb. 12, suffering from pneumonia.

It's an ill wind that blows no good. Pupils of Channel Lake school, along with most of the children in the county, enjoyed an unexpected vacation because of the storm last week. The school remained closed Wednesday, Thursday and Friday.

Those hardy souls who persisted in attempts to get to work last Wednesday morning found themselves stranded at various places along the way or at their place of employment.

Dale Bartley was involved in a collision which disabled his car. Unable to obtain a tow truck, he got a ride to Waukegan, but could not get home. And couldn't get a hotel room.

Henry Kubicki, Sr., of Sunside, was stopped by drifted snow and abandoned cars on Route 173, and spent the balance of Wednesday and Thursday at a farmhouse nearby, along with several other stranded motorists.

The bowling alley did a bigger afternoon business than usual, as men with an unexpected day off searched for entertainment.

Mrs. John Eckert asks that Cub Scouts who sold tickets to Scout-O-Rama, to return the unsold tickets, and money for tickets sold, promptly. It may be given to the mothers or to Mrs. Eckert.

Martin Lulof sold the most tickets, and will receive a neckerchief slide as a prize.

Mrs. Eckert also asks that parents planning to attend the Blue and Gold dinner pay in advance for the dinners whenever possible. Money may be given to the boys' den mother.

The Chicago Motor club reminds drivers that alertness is one of the basic prerequisites for safe motoring. To be alert, you've got to be in good physical condition. Safe drivers are rested drivers.

DEAR EDITOR Your Letters672 Main Street
Antioch, Illinois
February 14, 1960The Antioch News
Antioch, Illinois
Dear Editor:

Before the snow is gone and we have forgotten all about it, and before some tragedy occurs, which may haunt us for the rest of our lives, I think it might be advisable to consider the possibility of keeping our sidewalks cleared of snow.

With our sidewalks packed high with snow, our pedestrians are forced to walk in the street where cars are slipping and sliding and are far from being in perfect control.

I am thinking especially of our children who have to walk to school and who are perhaps not as cautious as older people.

We are forcing our people to take a risk which is very unnecessary. Now that we have mail delivery, I am sure that the carriers, too, would appreciate having the walks clear.

I know that other towns have regulations and penalties for not clearing walks.

Perhaps this is not necessary, but surely a little publicity of the problems that blocked sidewalks bring

to us, and of the possibility of tragedy, might start a movement in the right direction.

Yours very truly,
M. C. Cain

I suppose this will get tossed into the waste basket as did my last letter to you. Did the truth hurt or did I step on someone's toes? I gave you permission to edit this, too, and use my name.

Now about your editorial. I wrote to you a few months ago about the same thing—the many drivers that disregard the "STOP" sign at Main and Lake streets.

The state book says that a complete stop be made at the sign and not half way across the street.

If the police would spend one hour a day, and forget about the parking meters he would write more tickets in that time to those that just slow up and go through.

What we need there are stop and go lights, also at 173 and 59. We will wait until someone is killed or injured seriously before anything is done.

My grandson writes to you from Fox Lake Hills, Jim Jankowiak.

Sincerely,
George C. Eckert

Antioch Couple Report on Visits Overseas, Places Seen, People

(Mr. and Mrs. Corwin J. Bennett, proprietors of the Antioch Dairy Queen drive-in, are touring South Africa by most every means one can imagine and seeing many places viewed only by explorers.)

(The following is a kind of diary kept by the couple during their trip that was to conclude Dec. 22 when according to a note received from them by the Antioch News, when they boarded a boat at Port Said.)

(The latest report came recently by air mail from Hong Kong, another stop on their round-the-world trip.)

(The Antioch News is publishing this as it was received here.)

NOV. 23. We drove to Mweya in Uganda. We appreciate the clean room, good food, and English language. To get here we drove a short distance through Portuguese East Africa and then into Elizabeth Park in Uganda (Br.).

After lunch we took a launch ride and saw thousands of beautiful birds, various storks, Egyptian geese, pelicans, ibis, crown birds, and many others no one could name. The high point of the day came when we watched two elephants playing in the water.

They acted like a couple of little boys, showing each other under, sometimes both completely under at the same time. We were within 30 or 40 feet of them, but they hardly seemed to notice us.

NOV. 29. We drove back to Goma today, taking an early morning drive through Elizabeth Park before going on.

We saw a group of 9 or 10 hyena and drove off the road to get a better look. We went to within 20 feet of them and they just looked at us curiously and went on lying there. One turned over and rubbed his back on the ground like a dog. When we deliberately drove closer to stir them up, they ran just a short distance and peeked out at us from behind some bushes.

A little farther along we saw quite a number of mongoose. So that made two firsts today, hyena and mongoose.

We checked the cost of gas, 63c a gallon, U. S. money and gallon.

NOV. 30—We flew from Goma to Nairobi. We met Dr. Barrie, American, a specialist in tropical diseases, working for the U. S. and the World Health Organization. He is carefully carrying home a plastic bag of snails, infected with Bilharzia, a tropical disease. The disease is now very wide-spread, and concern is felt that it may spread to our southeastern states. Only TB and malaria now are more widespread.

DEC. 1—Corwin's birthday. We went to the Royal National Park just outside Nairobi and saw our first ostrich. They were scattered singly, in pairs.

We saw two very sleepy lions and even when 6 or 8 cars gathered around they would hardly bother to look up. The female lay on her back for a while, 4 feet up in the air, then she washed her face just as a house cat does.

There are a great many Indian

people in Nairobi. Many of the women wear beautiful clothing, long loose trousers, under long soft wrap around skirts and a wide stole of the same or contrasting color draped around the shoulders and bodice.

Many men never cut hair or beards. The hair is knotted up on the head and covered with a turban which is worn all day, no matter what kind of work they do. The beard is cleverly rolled up so it looks as if it was trimmed.

DEC. 2. We went to see a Moslem Mosque. The outside was very attractive, minarets at the corners of the building. But the inside seemed very bare. There were no seats. The floor was covered with mats for the men to sit on or kneel upon. There is a balcony for the women, curtained so they cannot see the men, and mats to sit upon.

DEC. 3. We drove about 170 miles south from Nairobi to Arusha. Some of the parks are closed because of the rains, but we can go to Ngorongoro Crater. It was too late to drive on to the crater so we drove around town and happened onto an experimental farm and school. Here they are teaching cleanliness, health, cooking, diet, etc. to young women, and the young men are studying forestry and agriculture. The best of them can go on to the university.

The natives, Masai, are very good looking people, and wear very colorful costumes. Both men and women have their ears pierced in several places and wear many heavy ear ornaments. They do not like to have their pictures taken.

The Masai have large herds of cattle and do not like to work for the whites. Their chief food is a mixture of blood and milk.

FRIDAY, DEC. 4. Roads are rough, often rocky and the driving is rugged. You cannot make good time and surely take a beating as you are bounced around.

We met a girl here in the hotel who lives with her parents on a 19,000 acre farm, 40 miles from Arusha. They have 1,000 acres in corn and another 1,000 in beans. In one field the furrows are 2 miles long. They have 2,000 sheep for wool and 800 for meat.

Two hundred natives work for them and they keep a pack of 25 dogs to help protect the stock. Lions and elephants sometimes cause trouble and her father kills 12 to 14 lions a year.

The stock is kept in fenced corrals at night. If the animals seem upset and the dogs act frightened, the watchmen know a lion is in the vicinity and the boy goes for the boss. He goes out after the lion with a gun and a search light. Natives are not allowed to have guns.

We drove from Arusha about 120 miles to Ngorongoro Crater. Along the way we saw a great many ostrich. One pair had 7 little ones with them. There were also many zebra and quite a few giraffe along the road.

The last 20 miles were especially rugged. We went up about 4,000 feet in 12 miles. One lane, impassable in the long rains. Cars had trouble this evening after a shower.

We saw our first jackal. Its head was like that of a fox, body about the size of a terrier.

DEC. 5. What a ride! What a day! We went down to the floor of the crater and zig-zagged all over looking for game. It rained last night so the road was miserable. We hired a land rover and a native driver. The car had four wheel drive and chains. We made about 90 miles between 7:30 a.m. and 6:30 p.m., stopping only for lunch.

But we were satisfied. We saw our first rhino. In fact we saw a number of them. The first was a mother with a little one about 3 weeks old. That baby stayed so close to its mother that it seemed to be on a leash.

Another first was a tiny dik-dik. It is the smallest of the antelope and seemed no more than 18 inches tall. Its little horns were no more than 2 or 3 inches long. It was a perfectly lovely little creature.

We also saw a small cat. I think it was a serval. We are told it is rarely seen. We almost ran over it before it jumped up out of the grass and sped into the brush.

Among other firsts were the fox and the rock rabbit (the first rabbit we have seen in Africa.) We came

upon a herd of eland running with some wildebeest. They are a reddish brown and much bigger and heavier than the wildebeest.

The floor of the crater is quite level and green with grass. The animals all look beautiful and well fed. There were large herds of wildebeest, hartbeest, zebra, and gazelle.

We clocked an ostrich at 38 mph. Saw one ostrich nest with 26 eggs, another with 10.

We clocked a rhino at 35 mph and he wasn't even trying.

The camp is pretty rustic, outdoor plumbing, a fireplace in every cabin, bars at the windows to keep the animals out.

There is a cook shack and a native boy to build fires, wash dishes, and help with the cooking. The water is pure and can be used right from the tap. Leave it to the English!

DEC. 6. Back to Nairobi and it was a long, dusty, tiring ride. We stopped at the native market in Arusha to take pictures. Then back to Nairobi with the Masai spear Corwin had bought along the road.

We checked in at the Norfolk. At the edge of town and plenty of parking space. Very pleasant. Mosquito netting is draped around the beds. There must be a reason. Coffee is served after dinner on the verandah. It is so hard to get a cup with your meal that we have given up trying. But the early morning coffee in bed is a good idea. If only I had one of these native boys at home.

DEC. 8. We drove about 120 miles south to Nakuru to see the pink flamingos, but they were almost all white. We saw hundreds and hundreds of flamingos but only a few were all pink. Others had pink wings.

South of Nairobi we went through rich farming country. There were more and larger native villages than we have seen in any other area. Their huts have walls framed with poles or sticks and plastered with mud. Roofs are thatched.

DEC. 14. We flew up to Addis Ababa, altitude 8,000 feet. Staying at the Ghion hotel.

DEC. 15. We hired a car for the day, with a driver, to see the city. There really is not much to see.

The market is like native markets all over the world except for the many stalls selling cheap cotton cheesecloth, with embroidered border. This is used as a head covering, shawl, wrap around skirt for the women.

Natives have their own unique taxi service. Two can ride with a

driver on a two wheeled cart drawn by a horse.

Most of the people are very poor, dirty and ragged.

Water is scarce in this, the dry season. People in the poor sections carry big earthen pots to a public spigot for water. But water flows through the pipe to one section of the city for 1 hour, then to the second section for 1 hour, then to the third section for 1 hour. We saw a crowd of women with their water jugs, patiently waiting at the spigot for water. But in other sections of the city gardeners were using hoses to water flower beds.

Public buildings, house of parliament, palaces of the emperor and his sons are modern and beautiful. So, too, are the embassies of the U. S., U. K., Germany, Russia, etc.

DEC. 16. We flew to Cairo over very rugged, barren country. Checked in at the Nile Hilton at 10 p.m.

DEC. 17. Our room overlooks the Nile. All sorts of craft on the river. Some use sails, some are rowed, or poled along. Some are even pulled along by men on the bank.

We went to a night club, the "Sahara City." Saw the sphinx and the pyramids by moonlight. The entertainment was really something different. The music

was very different, very rhythmic, not especially tuneful. A whirling dervish had us really gasping. Four belly dancers were good and surprised us by being very well covered up.

Cairo is an exciting and interesting city. We wish we had planned to spend more time here. People of all hues seem to mix without any thought of color difference or color bar.

DEC. 18. We went out to see the pyramids by daylight. They look much bigger than at night.

Went past irrigated fields—beautiful truck gardens, very carefully tended. Our guide is all for Nasser. Says the people love him. I just said, "That's fine!"

DEC. 26. We boarded the Om-

menkerk, a Dutch freighter, at Port Said. It took 16 hours to go through the Suez canal. We were interested in the work of widening the canal.

Topics for Today's Women

New Members Welcomed at Meet Of Antioch Woman's Club Monday

Some 40 members and guests attended the February 15 meeting of the Antioch Woman's club at the Scout House.

At the board session, which preceded the regular meeting, two new members were accepted.

Mrs. Larson announced that the April 4th tour would be to Avon Products in Morton Grove.

Mrs. William Petty will give a book review on "Hawaii" by James Michener at the next meeting.

Mrs. William Brook opened the regular meeting with the pledge of allegiance, and told of attending a board meeting of the Lake county federation at Zion's Woman club, Feb. 2.

Mrs. Clarence Olson and Mrs. A. O. Wieghart attended the regular session the same day.

Mrs. Robert Lubkeman will model at the kick-off luncheon, March 1 at Kungsholm, for the United Cerebral Palsy drive.

She will be the chairman for the Antioch area on behalf of the Woman's club. The drive will be on March 20 for one day only.

Mrs. Einar Petersen, membership chairman, pinned corsages on the following new members:

Mrs. Douglas A. Dean, Trevor; Mrs. Edwin C. Olsen, Antioch; Mrs. Richard Stroner, Antioch; Mrs. Lewis Patten, Lake Villa; Mrs. Robert Lubkeman, Antioch; Mrs. William Jorgensen, Sr., Antioch and Mrs. Nels Gussarson, Antioch.

Mrs. Brook welcomed them into the Woman's club.

Mrs. Richard Lindman of Lake Bluff talked on and demonstrated "Puppets in Profile". She gave the history of puppetry, showing the American "Mr. Punch" and Chinese shadow puppets.

These are the only ones in her collection not made by the Lindman

marionettes. Mrs. Lindman may be seen quite frequently on Channel 11.

Mrs. Earl Hays furnished a valentine plant for the speaker's table. Mrs. Einar Petersen and her hostess committee decorated the refreshment table with a cherry tree and red, white and blue candlesticks, honoring George Washington.

SHARON DITTMAN (shown here) has been named receiver of the Daughters of the American Revolution award made annually to the senior girl for her qualities of dependability, service leadership and patriotism. Miss Dittman, a daughter of Mr. and Mrs. Albert Dittman of route 2, Antioch, was selected by her classmates and the high school faculty at Antioch-Lake Villa high school. She has been active in school organizations, dramatics, sports and in cheer-leading. She plans to attend a university and major in elementary teaching.

Past Presidents Honored by PTA

The regular meeting of the Grass Lake PTA was held in the Grass Lake school Monday evening.

Past presidents were honored in a Founder's day ceremony presented by Mrs. James Ferrier.

The "Hat Fair" was enjoyed by all present. Prizes were awarded to Mrs. Walter Johnson and Mrs. Earl Beese for the most humorous hats.

Mrs. Lawrence Yopp and Mrs. Herman Stenzel took honors for the most original and a special prize was awarded to Mrs. Sylvia Rozek for the most unusual hat.

Room count was won by Mrs. Colie Golden.

James Ferrier reported to the group that the recent dance was a success.

Refreshments were served by mothers of fourth grade students with Mrs. Robert Hart as chairman.

John Furlans Return From Western Visit

Mr. and Mrs. John Furlan of Loon Lake road have returned from a three week vacation trip to San Diego and Los Angeles where they visited their daughter, Marilyn and her family.

During their visit the Furlans became grandparents for the first time when a daughter, Terri Ann, was born Feb. 5, to Marilyn and Gordon Heuer of San Diego, formerly of Antioch.

Paternal grandparents are Mr. and Mrs. George Heuer of Antioch.

Birth Announcements

Recent births at Waukegan hospitals have included a son to Mr. and Mrs. Robert Gossman of Antioch; a daughter to Mr. and Mrs. Ernest West of Lake Villa; a daughter to Mr. and Mrs. Richard Mauck of Antioch.

Recent births at the Zion Community hospital have included a son to Mr. and Mrs. Wayne Erickson of Antioch.

Recent births at Condell Memorial hospital at Libertyville have included a daughter to Mr. and Mrs. Joseph Shirk of Lake Villa.

LAKE VILLA—Mr. and Mrs. Carl Wurster, Lake Villa, are parents of a daughter, born Feb. 1, 1960, at St. Therese hospital, Waukegan.

The Wursters have three other children, Kathleen, six years old, Carleen, four, and David, who is two.

Paternal grandparents are Mr. and Mrs. George Wurster of Antioch and maternal grandmother is Mrs. William Vanselow of Chicago.

Mrs. Lora Bacon of 461 Lake street is a patient in Zion Community hospital.

Bridal Shower Honors Couple

By Mrs. Edward Bernau
LINDENHURST — A bridal shower was given Friday, Feb. 12, for Judy Heidner, 17, of Hazelwood drive, and Pete Kochurka, 20, of Lyons, at the home of Mrs. Martin Golden of Elmwood drive.

Neighbors and relatives from Lindenhurst who attended the shower were Mrs. Nancy Dutcher, Mrs. Alberta Bethley, Mrs. Viv Fidanzo and Vita, Mrs. Esther Schneider, her sister Shirley Heidner, mother Mrs. Helen Heidner and an Aunt, Miss Dorothy Heidner.

Grandmothers from Chicago who braved the weather were Mrs. Edward Heidner and Mrs. Clara Baumann. Several other friends and relatives from Chicago and Lyons also were there.

Pete's mother, Mrs. Nicholas Kochurka of Lyons, was unable to get here, due to transportation troubles.

Judy received many gifts. Sandwiches were served, and a beautiful double heart cake from Slove's inscribed "Lots of Happiness, Judy". The cake was appropriate for Valentines day.

1960 Activities Are Discussed By Girl Scouts

Girl Scout Troop 31 held its second court of honor meeting of this year Jan. 30. At this meeting were discussed the activities for February.

Members discussed two service projects. The one decided on was the making of nut cups.

These will be given to hospitals. Members will make them once a month and they would represent that month's holiday.

Girl Scout-O-Rama on a program basis was discussed. Each troop in the neighborhood will choose a country, put on a skit, song, etc., representing that country.

Troop 31 held its first court of awards meeting of the new year on Jan. 27. Mrs. James Bruski, one of the troop leaders, presented the scouts with their awards.

There were seven tenderfoot awards given out, six girls received badges and two girls received their first class rank.

After awards were presented there was a play entitled "A Picnic in the Park," given by girls working for first class.

The troop was to have a camp-out in the scout house on the weekend of Feb. 12-14.

Due to bad weather this campout was called off. It will be held at a later date.

Dittman Visits East

Principal A. L. Dittman of Antioch-Lake Villa high school this week is attending a meeting of the American Association of School Administrators being held in Atlantic City, N. J., Feb. 14 to 18.

Due to the weather, meeting of Moose lodge officers was cancelled. They met instead Wednesday, Feb. 17, at the Moose home. At 8:30 p.m. the appointed officers met for a joint session with the Loyal Order.

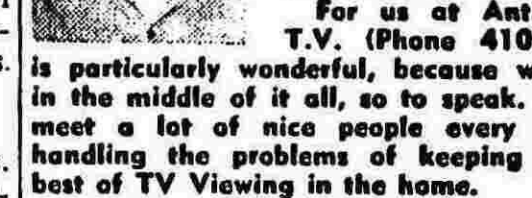

There will be a ham dinner at the Moose home on Feb. 21 from 2 to 6 p.m. All members and guests are invited.

The civic affairs committee will have a cake decorating demonstration at the Moose home at 8 p. m. on Feb. 25. Members and guests are invited.

Plain TV Talk

By Roy Gallahe

It's pretty hard to think of anything in our life that is giving us as much all-round entertainment as our television set. Sociologists even say that it is "making us a nation of families" again by keeping us together in our living rooms as of days of old.

For us at Antioch T.V. (Phone 410) it is particularly wonderful, because we're in the middle of it all, so to speak. We meet a lot of nice people every day handling the problems of keeping the best of TV viewing in the home.

To do the best job we're getting the latest bulletins from electronic institutions which keep us up-to-date in a fast, changing industry. Service instruments and techniques, types of sets and color are improving steadily.

In connection with these ideas, we're going to appear in this newspaper every week and let you know about some of the interesting subjects and experiences that come our way. We're sure that this column will be enjoyable and make your TV viewing more appreciative.

ADVERTISEMENT

HOW MANY DO YOU SEE? This view taken recently in the telephone exchange building on Victoria street in Antioch shows part of the 50 ladies who handle the switchboard at one time or another. That banging you heard when you rang "central" was hammering being done while the job of enlarging the switchboard room was in progress. This will add more "stations" to the board. Fourteen operators can be counted here plus one more seated at the desk in the rear who helps with "information" and a chief operator (standing at left). The "girls" were on the job during the recent blizzard despite snow drifts, blocked roads and the like. Enlargement of the board room will eliminate the "privacy" of the present training room for operators, but training courses will continue. (Antioch News photo)

Rainbow Girls Meet Feb. 22

The Antioch Assembly, Order of Rainbow for Girls, will meet at 7:30 p.m. on Monday, Feb. 22 at the Masonic temple. Dee Stillson, worthy advisor, will preside over the session.

Dee and her committee also will serve refreshments.

The Antioch Assembly has been invited to attend the Grayslake installation on Saturday, Feb. 20.

Barbara Yates, past worthy advisor of Antioch Assembly, will serve as installing officer for the evening.

All girls wishing to go to the installation should contact Mrs. Brown.

Membership, Meeting Place Are Discussed

The Antioch Business Women's club met Feb. 8 at the home of Mrs. Joseph Patrovsky.

After the business meeting and discussion of membership and meeting place, the eight members present enjoyed a delicious supper, served by the hostess.

The Ladies Aid group of the Faith Evangelical Lutheran church will meet at the church Thursday evening at 8 o'clock.

Edward J. Suhrs Mark Anniversary

Mr. and Mrs. Edward J. Suhr (nee Ida Rentner) of Rosing's subdivision, were pleasantly surprised Sunday, Feb. 14, the occasion being their 40th wedding anniversary.

Guests were Mr. and Mrs. Henry Rentner, Mr. and Mrs. Elmer Rentner, Mr. and Mrs. Kenneth Rentner and family. Mr. and Mrs. Joseph E. Horton, and Mrs. Effie Nelson.

Ladies to View Fashions Show

By Mrs. Edward Bernau
The Altar and Revery society of the Prince of Peace Church in Lake Villa is sponsoring a trip to Chicago Thursday, Feb. 18, to view a fashion show at Leona's Furriers, 268 West Adams street.

A Greyhound bus has been chartered and anyone wanting to go, should be at Prince of Peace school before 9 p.m. The bus will leave promptly at 9.

No tickets are needed for the show but there is a bus fare charge and dinner is to be served at the Oakton Hotel.

The style show will start at 7:15 p.m. A fur piece valued at over \$100 will be given to the society. Anyone wanting more information may contact Mrs. Viola Seizer of Valley drive in Lindenhurst. Phone MIllet 6-3482.

American Legion Auxiliary News

Antioch unit of The American Legion Auxiliary met in a regular business session last Friday evening. Following the business meeting, cards were played. Vera Horton and Mary Kuykendall were hostesses for the evening.

Party at Downey
Antioch unit and Winthrop Harbar unit were hostesses groups at a party for patients in the Women's ward at Downey hospital Wednesday, Feb. 17.

District Meeting
A meeting of tenth district units will be held at Highland Park, Thursday, Feb. 18, at 8 p.m. All unit delegates should try to attend this meeting.

Birthday Party
The next meeting of Antioch unit will be held Friday, Feb. 26 at which time all unit members and their husbands or sweethearts will celebrate the unit's birthday. A potluck supper will be served at 6:30 p.m. and a social time will follow.

2 PTA Sessions Set for Feb. 22

The Antioch Consolidated grade school and the Oakland grade school PTA's will meet in the former's auditorium at 8 p.m. next Monday, Feb. 22 to hear the combined grade school senior band present several selections.

Postponement of the combined meeting from this week Monday night to next Monday evening was made because of school "vacation" last week when snow blocked the area roads.

Crew Leaders Sought For Federal Census

Recruitment of crew leaders for the 1960 census of population and housing in this area has been announced by supervisor Joseph O'Reilly of the census bureau's temporary district office in Waukegan. Each crew leader will supervise about 20 enumerators in the big nationwide census which begins April 1.

DEATH NOTICES

MELVIN W. GLEMAKER, 51, of Rock Lake Highlands Subdivision, Trevor, Wis., died Wednesday, Feb. 10, Born Jan. 13, 1909, in St. Paul, Minn., he lived in Chicago for 38 years and in Skokie for 3 years. He had lived in this area for three years.

A broker with the Critchell-Miller Insurance Agency, he was a member of the Trevor fire department and served in the U. S. Air Force during World War II.

Survivors include his widow, Clara; three brothers, Spencer of San Pablo, Calif., Howard of Anaheim, Calif., and Alfred of Cal-ego; and one sister, Mrs. Violet Zehn of Oak Lawn.

Funeral services for Mrs. Elsie Helena Rambow, 62, of 284 Park avenue, Antioch, who died last Thursday in her home, were held Saturday morning at Strang funeral home, Antioch.

Bowling

'The Pinbusters'

Friday, Feb. 12

Osmond Realty took two from Kaye's Snack Bar.			
Prefenger Dredging Co. took two from Blumenschein's Sewer and Excavating.			

Plowing Complaints and Pollution Of Water Talked at Hills Meeting

By Jim Jankowiak
FOX LAKE HILLS—The Fox Lake Hills Property Owners association last Monday night had one of the liveliest meetings ever experienced in the history of the subdivision.

In the quiet side, the beachhouse will remain closed and boarded up until the first of May. This is due mainly to the recent vandalism in which several windows were damaged.

Walter Jolie of Barker and Woodman, civil engineers of Crystal Lake, will be taken on tour of Fox Lake Hills beaches and parks, storm sewers, flooded areas and other problems.

His advice will be sought as to what can be done to alleviate the existing poor situations.

John Morris of the Lake county health department is trying to organize some of the residents of the Hills into procuring pollution and water samples from the lake for the department.

He will introduce a training program for the volunteers sometime in March. Anyone interested in this job may contact Julie Chonis at Justice 7-0043.

A letter will be sent to Fred Popp, township road superintendent, complaining about the job his men did in plowing after the recent snow-storm.

The letter also will ask that he send someone out to remove the triangle of snow left throughout the subdivision at the intersections.

Another request to Popp will request him to block up North Entrance drive to automobile traffic.

The reason is that cars entering at that particular intersection constitute a traffic hazard for motorists traveling on routes 132 and 59.

If the Hills association get Popp's OK, it will circulate a petition among residents of the Cheney area to make sure that they do not want the road open.

To add to the interest of the meeting, especially for the ladies present, there was an evasive mouse skittering about from time to time, disrupting the course of the session.

Last action of the meeting was announcement that the Hills association would place the money from its treasury into a savings and loan.

James Etchison Receives Award At Church Rite

By Mrs. Fred Bartlett
Phone Lake Villa, EL. 6-5372
LAKE VILLA—Mr. and Mrs. Lloyd Duffy of Dixon visited in Dolton over last weekend and while there attended the receiving of his "God and Country" award by James Etchison at the Ivanhoe Community Methodist church.

James is the grandson of the late George Helms of Lake Villa. Mrs. Duffy and Mrs. Etchison were also former residents of Lake Villa.

Mrs. Ruby Sheehan of Waukegan was a dinner guest Sunday at the home of Mr. and Mrs. Elmer Sheehan and family.

Mrs. Dorothy Holmquist of Chicago is spending a couple of weeks at the home of Mr. and Mrs. Frank Slazes, Jr.

Mr. and Mrs. Raymond Bartlett and family were Lake Villa visitors Sunday.

Mr. and Mrs. Horace Killough and daughter and Robert Killough of Winthrop Harbor were visitors Sunday at the home of Mr. and Mrs. Verdon Killough.

Mrs. Clarence Blumenschein has been confined to her home because of illness.

Mr. and Mrs. Edward Langbein and family and Mr. and Mrs. B. J. Hooper were visitors Sunday at the home of Mr. and Mrs. Traver Ellis and family at Belvidere.

Mr. and Mrs. Albert Healey, Jr., and Mrs. Albert Healey, Sr., of East Troy, Wis., were visitors Saturday at the home of Mrs. Tina Gerber and Arlene Letting.

Mrs. Matthew Johannes is ill at her home with a cold.

The VFW post and auxiliary of Lake Villa will have a past commanders and past presidents dinner Saturday, Feb. 27, starting at 6:30 p.m. The dinner will be for members only.

Mr. and Mrs. Harold Fillweber of Antioch were visitors Monday at the home of Everett Galiger.

Sheridan Burnette of Antioch was a visitor Monday at the home of Mr. and Mrs. Jake Fish.

The next regular meeting of the Royal Neighbors of Cedar Lake camp will be held Tuesday, Feb. 23, at the village hall, starting at 8 p.m.

Robert Bartlett, son of Mr. and Mrs. Fred Bartlett, Sr., has left Japan after being with the air division for five years and is now at the headquarters of the Thirteenth Air Force at Clark Air base on the Philippine Islands.

It is said to be the largest air base in the world. Robert spends his leisure time getting a sun tan with temperatures at 80.

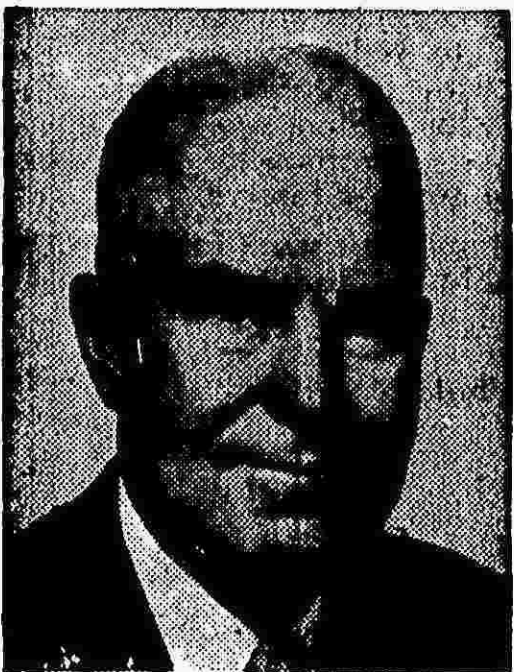

Antioch People To Attend Meet

CRYSTAL LAKE—Marc A. Buettell, president of the Illinois State chamber of commerce, will be featured speaker at a dinner meeting here on Thursday evening, Feb. 18, at the Czecho lodge, U. S. Highway 14.

Presiding at the affair, to be held at 6:30 p. m., will be Harold J. Bacot, president, Home State Bank of Crystal Lake.

Assisting with arrangements will be John Lloyd, manager, Illinois Bell Telephone company, Barrington, and Donald J. Still, cashier, State Bank of Woodstock, Woodstock.

Mr. Buettell, the principal speaker, is president of Ideal Industries,

Marc A. Buettell

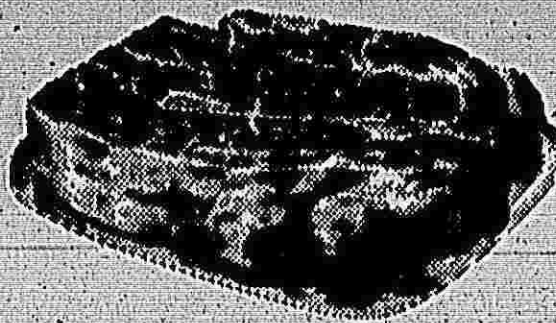

Inc., Sycamore, and has participated actively in state chamber affairs for many years, serving on the board of directors since 1954 and as vice president for two years.

He is a former chairman and long-time member of the organization's federal taxation committee and is active in civic and welfare programs of his community.

Appearing on the program also will be Ormond F. Lyman, the Chamber's executive vice president. He will moderate a unique panel discussion of pertinent state and national issues affecting Illinois business.

Communities represented will include Antioch, Barrington, Fox Lake, Grayslake, Lake Villa, Libertyville, McHenry, Mundelein, Spring Grove and Wauconda.

'Children Helping Children' Theme For Emmons School Clothing Drive

Emmons School has taken "children helping children" as the theme of its Feb. 22-26 Save the Children Federation "Bundle Day" clothing collection.

Supported since its inception by the nation's educators and school children, the Bundle Day clothing collection is in its 18th year under the auspices of Save the Children Federation, a non-profit, non-sectarian organization serving the needs of children in this country and overseas.

Donald J. Blake, principal, said: "Our children, their enthusiasm supported by that of parents and friends, can gain great knowledge of applied social science while helping Save the Children Federation meet the pressing need for clothing among underprivileged children in the Southern Mountains and overseas. More important, they will

know the joy of helping others less fortunate than themselves."

Parents and neighbors are being urged to empty clothes storage areas of good, used winter and summer garments their families no longer need. Clothes for babies, children and adults as well as sheets and blankets are requested.

Low-heeled shoes and overshoes of every size are especially useful. Last year during the coldest weather, many children of the southern mountains walked to school barefoot. Many others did not attend school because they lacked adequate clothing.

The federation's program in the southern mountains helps keep children in school with the distribution of clothing through SCF clothing centers.

Clothing is made available at very low prices, thus enabling a poor but proud people to maintain their self-respect.

Additional clothing is distributed without charge through county welfare and attendance officers to those who cannot afford to pay.

Save the Children federation also maintains a stockpile of clothing to meet disaster needs at home and overseas.

Save the Children federation is the only truly non-sectarian child welfare organization collecting used clothing in schools on a nationwide basis.

Through the federation children in underprivileged areas at home and overseas are sponsored by compassionate Americans.

As part of its program of community and school self-help projects for children, the federation assists and inspires villagers and parents to help themselves make a better life for their children in the United States and overseas.

Headquarters Set Up For H. C. Schadeberg

The Henry C. Schadeberg for Congress organization has been set up at 707 Geneva St., Burlington. He is the first candidate to set up headquarters in the campaign.

A store front, main floor level, has been obtained with men from unions, area businessmen and wives offering their skills and services to clean up the old building and remodel it.

All of the work and most of the materials were volunteered.

The Schadeberg headquarters will be manned by volunteers practically every day. They will send out releases, prepare scrapbooks and answer all inquiries under the direction of Schadeberg and his wife, Ruth.

The Republican, who was the first to announce his candidacy, has been speaking daily throughout the district.

Since 1911 about 350,000 boys have qualified for Eagle Scout rank in the program of the Boy Scouts of America.

Baby Born in Patrol Auto

John Kenneth Larson, baby son of Mr. and Mrs. Jack Larson of Antioch, arrived in a turmoil of wind and snow, an event that will be remembered by his parents and probably recalled by him for his children and grandchildren.

The boy, born at 8:32 p. m. Wednesday, Feb. 10, during the howling blizzard that dumped more than 15 inches of snow on this area and piled up drifts as deep as 10 feet, came into the world in a state police car.

A patrol car, bulldozer and ambulance finally were used to take the mother and her son to Zion hospital.

The mother had started for the hospital early that morning but along with many other people traveling by car was delayed, spending some time at a farmhouse on route 173 near Green Bay road.

Finally the patrol car came along with other equipment and the attempt was made to reach the hospital in time for the expected birth.

Only a quarter of a mile was covered before the boy was born in the car on route 173 near the Green Bay road.

Growing Better Fruit To Be Meeting Topic

Lake county gardeners and others interested in growing better fruit will get some valuable pointers at the agricultural extension day meeting, Monday, Feb. 22, starting at 10:30 a.m.

Frank Owen, fruit extension specialist, University of Illinois, will conduct two daytime sessions and one evening session on growing better fruit.

All meetings will be held in the Farm Bureau auditorium located on the Lake county fair grounds.

Always signal well in advance for stops and turns.

Pvt. David J. Dosen Begins Marine Course

SAN FRANCISCO—Marine Pvt. David J. Dosen, son of Mr. and Mrs. John A. Dosen of Route 2, Box 288, Antioch, Ill., has begun a 16-week course in basic electronics at the Marine Barracks, Treasure Island Naval station, San Francisco.

Included in the course are instruction on radio frequencies, transformers, transistors and radio transmitters.

Driving too close to the vehicle ahead brings a double danger when streets and highways are wet or icy. First, there's the danger of a rear-end collision. Second, your windshield and headlamps will collect a double dose of muddy spray thrown by the wheels of the car ahead. Leave room for safety.

**WORTH MORE
BECAUSE THEY
WORK MORE!**

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

TORSION-SPRING RIDE

Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jars and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

NO SHIMMY, NO WHEEL FIGHT

Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

CABS FOR BIG GUYS

Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

6'S SWORN TO SAVE

Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

SHORT STROKE V8'S

Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

SLICK NEW SUBURBAN CARRYALLS

These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

NEW DOLLAR-SAVING PRICES

Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Also, prices have been reduced on all optional V8's.

SEE YOUR DEALER

It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.

Murrie is Named To Study Group

Lloyd E. Murrie, Antioch Township supervisor, is working on a special five-member committee for a new Lake county courthouse, a project that gained impetus when county sales tax money was set aside.

County sales tax receipts were put in a "separate interest-bearing account" under a vote of the supervisors taken last month.

While it was not stated specifically that this would be used for a new courthouse, most observers presumed it would be.

August Cepon, Waukegan Township supervisor, is chairman of the special committee.

Others on it are John P. Caspersen, Shields Township; George A. Stanciliff, Vernon; Joseph G. Welch, Cuba, and Murrie of Antioch.

All-School Play Slated at Grant

INGLESIDE—An all-school play, "Night of February Sixteenth," by Ayn Rand will be presented in the Grant Community high school auditorium, Friday, April 1 and Saturday, April 2.

The play is a comedy-drama in three acts. The plot centers around a murder trial which takes place in the Superior court of New York City.

A jury chosen from the audience will give the verdict each night and the ending of the play is determined by the verdict it reaches.

Under the direction of Mrs. Camilla Loper, the cast will be chosen from the entire student body.

The proceeds will go to the senior class.

Drivers who leave and re-enter their cars frequently may find a layer of ice building up on the brake pedal and other foot controls. So it's important that you take time to scrape away any accumulation of snow or ice from them. A slip of the foot could mean loss of control of your car and result in a serious accident.

Antioch Couple.....

(continued from page 3)

People were doing the digging and hauling that we would do with heavy machinery. Hundreds of workmen carry sand by the pailful, on their shoulders. Desert stretches to the horizon on both sides except for an occasional glimpse of irrigated fields.

Our first stop was Djibouti, just for fuel oil. That night we saw men sleeping everywhere, on the docks or in the streets, covered with a brightly printed cotton cloth that serves as a wrap around skirt during the day.

The Ommenkerk will carry us the 9,477 miles from Port Said to Yokohama.

JAN. 7. We passed Ceylon.
JAN. 8. We are half way around the world. We are averaging about 390 miles a day.

JAN. 10. We reached Penang.
JAN. 11. Pt. Swettenham, Temp. 87 degrees, humidity 97 per cent.
JAN. 14. Singapore.

The many Chinese in Malayan cities impress us with their cleanliness and neat appearance. The women in bright cotton trousers and shirts (matching), look very comfortable and attractive.

Out in the country we saw the native Malayan people, farmers. Rubber and tin are the chief exports of the country and we rode past mile after mile of rubber plantations. Men and women both work at tapping the trees and processing the rubber in factories for export. Rice is an important food and is raised wherever the land is suited to it.

Palm oil is another important product. Much land is planted in palms that produce fruits from which the oil is extracted.

Women in the cities do heavy, hard work. Most of the laborers on buildings are women and we see them carrying bricks and cement on their shoulders on almost every new building being erected.

JAN. 18. Bangkok.

We took a launch in the early morning to see the floating market. Houses are side by side at the edge of the stream. Porches extend out over the water with steps down into the stream. It is early in the day and we see the people bathing and washing their teeth in the stream.

Small boats carry vegetables, fruits, charcoal, dry goods, from door-to-door.

Children go to school in boats—sometimes paddling their own. Other taxi boats carry one or two passengers.

On a trip by car outside the city we saw mile after mile of flat rice fields. The rice is now being harvested. Men and women using a small scythe cut and tie a handful, lay it on a small stack. All day long in this blazing hot sun, cutting, binding, stacking.

Other fields have been cut and the grain is hauled from the fields on a crude sled, pulled or drawn by water buffalo. We didn't see a horse or tractor all day long.

JAN. 25. Today we will be in Hong Kong. A week from now we will be in Japan where our ship makes at least one stop at Kobe before we reach Yokohama.

FEB. 22. We board the President Garfield for the last part of our journey home, via Hawaii and Los Angeles.

Salem High Notes

By Miss Frances Murphy
Central High School Reporter

On February 20, at 8 p.m. the Salem Central Community club will sponsor a card party at the School. All card games will be played. All are invited.

Twelve students from the mixed chorus at Salem Central High sang a group of sacred numbers at the family night gathering at Wesley Chapel Methodist church at Salem Sunday evening.

Soloist and student director was Charlene Harris.

Others participating were June Ling, Gail Frochnow, Jackie Goring, Dianne Hansen, Rosanne Horne, Jim Ellingson, Larry Martell, Clifford Wollenberg, Monty Leach, and Bill Foulke.

Rudie Pringle accompanied the group on the organ.

The local ensemble contest will be held Tuesday, March 1 at 7:30 p.m. in the music room. Those selected as best ensemble groups will appear in the district contest at Whitewater.

The local solo contest will be held Thursday, March 10, at 7:30 p.m. in the music room. Those selected will participate in the district contest at Whitewater also. The interested public is invited to attend both events.

On Feb. 24 at 7:30 p.m. the band solo and ensemble elimination contest will take place. This will be held in the band room. Any interested persons are welcome.

The winter concert of the Salem Central high school band will be held on Tuesday evening, March 8. The band will be assisted by two vocal ensembles. Program and other details will be announced at a later date.

The senior class sponsored a "Thingamajig" dance after the basketball game last Friday. The newly organized dance band, the Rhythmettes, made their debut.

This dance was well-attended. Thanks to the seniors.

Mrs. Eileen Sorenson announces that adult classes in sewing are being held on Thursday evenings, at 7:30. It is not too late to enroll.

The annual science fair at Salem Central high school will be held this year on Thursday, March 24. Preparations are under way to make this fair the best. Students have thus far been very successful in conducting a fair of this kind.

The public is invited to inspect the projects set up by the youthful scientists.

National Boy Scout headquarters are located at New Brunswick, N. J.

When you weld, cut, solder or use any type of flame or heat, make sure there are no combustibles in the area. Sparks from cutting equipment can travel 30 feet or more.

Swine are especially susceptible to vibronic dysentery, commonly called black scours, during cold, rainy weather. Poor sanitation and crowding add to the problems.

There's a REASON to elect LEE FLEMING State Senator!

... IT WILL TAKE PRESSURE OFF THE HOUSEWIVES BUDGET!

Taxes are the most important issue in the Senatorial race. There comes a time when taxes become so unjust and skyrocket so fast that action must be taken by the people to bring them back to earth... just as barnacles have to be scraped off a ship from time to time.

It's time to elect a new Senator. It's necessary to change the thinking at Springfield because we have had taxes, unnecessary taxes forced on us by legislation and, we have had our long held right to vote on local taxes taken away from us. Such bills have been introduced, supported and sponsored by our present Senator.

This is a serious matter to every housewife

in her efforts to manage the family budget to make ends meet.

An effort WAS MADE to DOUBLE our present sales tax!

Not only has our present Senator been the leader in the State Senate in passing unnecessary tax increases... he tried also to JUST ABOUT DOUBLE the 3 1/2% sales tax by adding it to ALL SERVICES; laundry, furnace repair, automobile repair, printed material, dry cleaning, painting, etc. This would add about \$10.00 per month TO THE TAX BILL THE AVERAGE HOUSEWIFE would have to pay.

These statements are from the official records in Springfield. These are facts — not attacks. A man must stand on his record.

by
LEE R. FLEMING
FOR
STATE SENATOR

"Relax and get taxed. LEE FLEMING has fought unnecessary taxes and unnecessary spending for 12 years in Lake County—that's his record."

We could have done WITHOUT the last 1/2% increase in sales tax...

In my next article, which will appear in this newspaper two weeks from today, I will tell you how we could have done without the last 1/2% increase in our state sales tax and still get the schools the \$110-million dollars they needed.

Talk About Teens

from Noxzema's Young Consumer Service

WISHING won't give you prettier looks—but what a difference beauty "habits" can make! Why don't you start today to think and live like a beauty? It's fun!

Make that walk to school a beauty-walk! Don't slouch or slump. Step lightly, body erect, head up, tummy tucked in, breathing deeply. And smile!

Every single night—make sure your skin is antiseptically clean. Wash with medicated Skin Lotion to pamper roughness and keep away blemishes.

Health and Beauty are famous "steadies" that always go together. Skin and figure beauty depend on diet, so stick to wholesome foods. Take a tip from the glamour gals who nibble celery instead of bonbons!

Pay
\$1.25
for a quart
of milk?

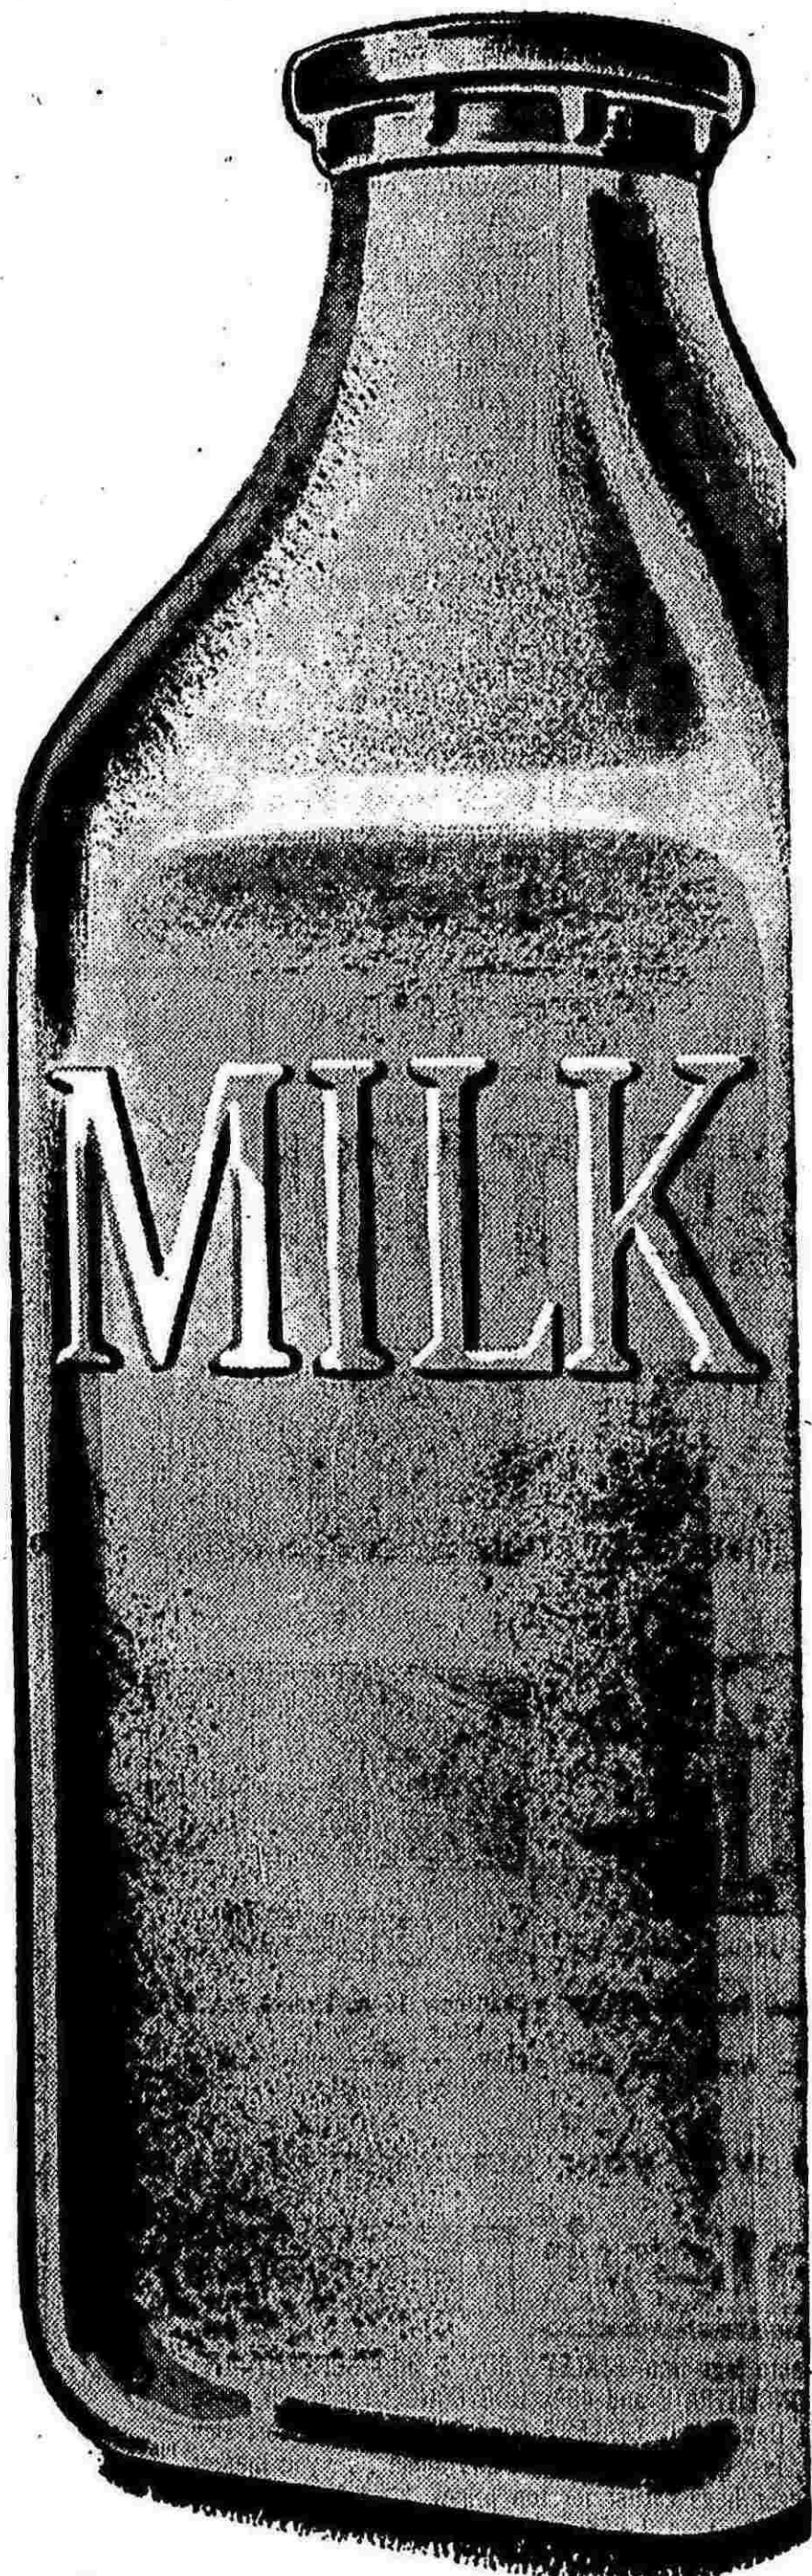

Of course you wouldn't pay \$1.25 for a 25¢ quart of milk. What about clothes drying? Would you pay 5 times what it's worth, load after load? Actually there's no need to! A GAS dryer will dry your clothes perfectly—so soft, so fresh—yet it costs only 1/5 as much as any other kind to operate. You'll find economical GAS makes it practical to use your dryer as much as you like, as often as you like. And, with GAS you save enough to pay for your dryer in just 6 years.

...only GAS dries clothes so well for so little!

PLAN TODAY TO ENJOY A GAS DRYER. VISIT YOUR DEALER OR OUR NEARBY STORE.

LEGAL NOTICE

NOTICE FOR BIDS

Notice is hereby given that sealed

bids will be received by the Board

of Trustees of the First Fire Pro-

tection District, of Antioch Town-

ship, Lake County, Illinois, at the

regular adjourned meeting, Friday,

March 4, 1960, until Eight o'clock

FIRE DAMAGES HOME. Antioch firemen are shown battling a blaze that gutted the interior of the George Bosnick home at Loon Lake last Saturday afternoon. Four children in the home when the fire broke out escaped without injuries. One of them ran a half mile to notify Antioch firefighters, fire chief Edgar Simonsen said. Both parents were working. The blaze was believed to have started in a back bedroom and caused \$7,000 damage before being extinguished. More lines firemen used to quench the fire are shown along with some of the things taken out of the building. (Tom Steiskol photo)

Pvt. William Wilton Praised by Officer

A letter received Monday morning by Mr. and Mrs. Robert J. Wilton of Antioch had words of praise for their son William James Wilton, who was with the second basic training regiment at Fort Leonard Wood, Mo.

The message signed by Lt. Col. Larry H. Leidenheimer, commander of the regiment, told of the "outstanding abilities displayed by your son during his eight weeks of basic combat training (at Fort Leonard Wood.)

"The initiative and perseverance to duty shown by him resulted in his selection as one of the 10 outstanding trainees among 230 trainees in his company.

"His performance of duty, leadership ability and untiring efforts throughout his basic training were of the highest caliber."

His address now is Company F, second battalion, 4th training regiment, Fort Leonard Wood, Mo.

Regular Church Services Sunday

By Mrs. Frank Edwards
Millburn Correspondent

MILLBURN — Regular services will be held in the Millburn Congregational church at 10 a. m. Sunday, Feb. 21, including Sunday school at the same hour.

A movie will be shown Saturday evening, Feb. 20, at the Millburn Congregational church sponsored by the Junior Pilgrim fellowship with a free will offering to be taken instead of admission charged.

Mr. and Mrs. Ernest West (nee Judy Riegler) are parents of a girl, Gail Marie, born Feb. 12.

Due to the weather and bad roads the Study Group did not meet at the home of Mrs. Clifford Weber last Thursday morning.

Mr. and Mrs. Orville Hairrell and son of Waukegan were callers at the Frank Hauser home Sunday afternoon.

John Edwards and daughter, Lynn of Libertyville, spent Saturday morning at the home of Mrs. Frank Edwards.

Mr. and Mrs. Herbert Graham and children spent Saturday at the Don Voightlander home in Milwaukee. Mr. and Mrs. James Bonner and

P. M. (C. S. T.) said meeting to be held at the Antioch Fire Station, Antioch, Illinois, for the purchase of a Truck Chassis and Cab and a Triple Combination Pumper, in accordance with specifications on file with the Secretary of the First Fire Protection District of Antioch Township and which specifications will be made available to all parties desiring to bid. The specifications may also be obtained at the office of Edward C. Jacobs, Attorney for the District, at 950 Main Street, Antioch, Illinois.

Bids shall be addressed to Irving B. Elms, Secretary of the First Fire Protection District of Antioch Township, and shall be in his hands on or before Eight o'clock P.M. (C.S.T.) March 4, 1960.

The Board of Trustees reserves the right to reject any and all bids, to waive any informality in any bid, and to accept any considered advantage to the First Fire Protection District.

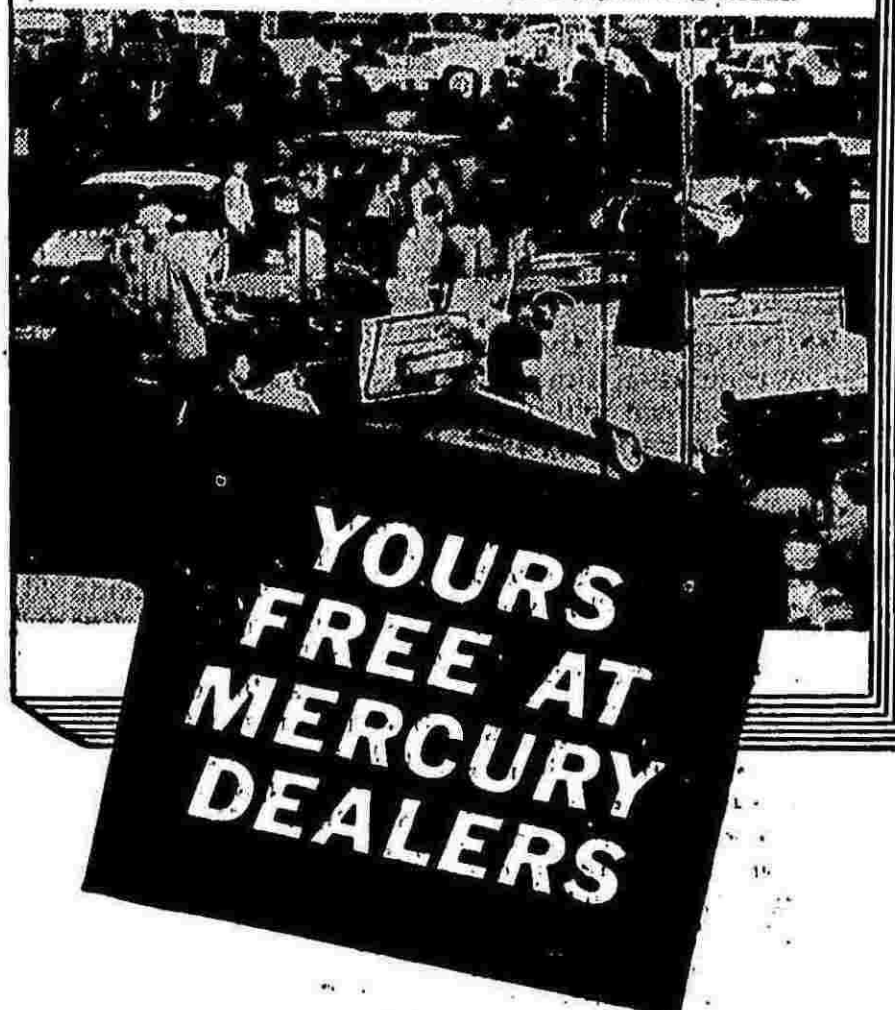

This advertisement is made pursuant to direction of the Board of Trustees of the First Fire Protection District of Antioch Township on the 13th day of February, A. D. 1960.

Sequoits Play Away Friday and Here Saturday

Important Game At Warren Set; Tickets Limited

Two important games will be on the docket for Antioch-Lake Villa high school cagers this coming weekend as the Fighting Sequoits seek to keep in the running for Northwest Suburban conference title honors.

Friday night the youths coached by Larry Leon travel to Gurnee for a conference clash with Warren high.

A victory there will clinch a league championship for Antioch high and a defeat would give Warren a chance to no worse than tie for the title.

SATURDAY NIGHT the Sequoits entertain Zion-Benton in the non-league contest on the AHS floor.

Leon in commenting on the coming game with Warren figures his charges will be "up" for this contest and the possibility the Sequoits may clinch a conference championship.

In their last meeting, Antioch defeated the Gurnee community boys by a 12 point margin. It was a game that saw the Sequoits put on their finest defensive work of the season up to that time.

Actually, Warren never seriously threatened to win although the margin of lead that the Sequoits had was never very large.

This week Friday's contest is figured by observers, players and coaches alike as likely to be very close. Playing on its home floor probably will give Warren a psychological advantage.

LEON NOTED that the gym at

Warren high school is laid out a bit different than many in this vicinity. The playing floor is in a kind of "bowl" with the spectators seated above.

Seating capacity of the gymnasium is about 1,100 persons with perhaps another 200 or 300 able to squeeze in when necessary.

Barring more snow or similar troubles, a banner crowd from both schools and communities is expected to be on hand when the B squad game opening whistle blows about 7 p. m.

The varsity clash will start around 8:30.

There is expected to be a more than capacity crowd to see the Antioch High-Zion-Benton basketball game Saturday, Feb. 20, on the local court.

Because of this, Antioch officials are conducting a pre-game sale of tickets to students at both of the high schools involved.

It is felt that the high school students should have preference in the opportunity to purchase tickets.

No adult tickets will be sold before the gates open at 6:15 p. m. Saturday.

Unsold seating after the pre-game ticket sales will be sold at the gate for the established Northwest Conference admission.

No student tickets will be sold at the gate.

Ticket manager Elmo Edwards has indicated that tickets will be sold on a first come basis and as soon as the capacity of the gym has been reached the doors will be closed.

There will be no pre-sale of tickets for the Warren game - played at Warren on Friday, Feb. 19.

Warren officials advise that there will be ample seats available and all tickets will be purchased at the gate.

Antioch Downs Bulldogs, Loses to Round Lake '5'

Antioch high's Fighting Sequoits basketball team slipped down into a tie for first place in the Northwest Suburban conference standings last Friday night and then rebounded into sole possession on Saturday.

It all came about when the local cagers dropped an overtime 76-75 game to Round Lake on Friday evening while Grant and Warren were idle due to the bad weather last week.

That loss by the AHS youths dropped them into a tie with Warren with a record of 10 wins and one defeat each.

Warren and Grant were rescheduled to meet this week Tuesday evening.

However, the Sequoits took a half game lead in the standings Saturday night by slamming down Grant high 82-49. A victory by Warren over Grant this week would tie Antioch and Warren up once again.

Antioch will have only one more conference game after the encounter with Warren Friday night. Grayslake will play here Friday evening, Feb. 26.

MIKE WAKE put in the winning basket for Round Lake last week Friday in the overtime period with less than 15 seconds to play.

Jerry Dahlman contributed 36 points to the Sequoit cause and Don Pyles added 22 more to pace Antioch.

The loss of Dahlman in the last two minutes of regulation time and the loss of Dick Gudgeon who went out of action with 4 minutes to play, hurt the local boys.

Coach Larry Leon in commenting this week said that undoubtedly the lack of practice by the Sequoits during the school "vacation" the end of last week also contributed. School was out due to the blizzard.

The first quarter of play against Round Lake was "sluggish" on the part of Antioch, but with 6 minutes to go in the regulation game, the local cagers held a 9 point lead.

"We just couldn't stand the prosperity, I guess," Leon said. The score was tied at 71-71 with 20 seconds to play in the game when Antioch tried a long distance shot that failed to connect.

THAT WAS the way the regulation game ended with the score tied at 71-71. The local players did not realize the game was so close to an end, Leon said.

In the overtime session, Dave Hunsaker hit for two field goals and 4 points for a 75-74 Sequoit lead with about 20 seconds to play. But the local defense "fell apart" and the Round Lake player went through to score.

Antioch's defense improved Saturday evening with the Sequoits pouring on the coals in the final three quarters to win easily over Grant's Bulldogs.

The first quarter was "slow" for

ATHS, a kind of letdown for it after losing the Sequoits' first game in the conference play to Round Lake the previous night.

The Sequoits scored 56 points in the last two quarters plus 19 in the second period to win "going away."

Statistically speaking, against Grant the Sequoits tried 56 "field goals" and made 32 for a 57.1 percentage. They attempted 29 free throws and made 18 for .621.

The Bulldogs tried 44 shots and made 15 for .341 and in the charity toss department, they attempted 32 and made 19 for .594.

REBOUNDING SAW Antioch gather in 13 offensive and 23 defensive for a 36 total as compared to 12 and 14 respectively for a 26 total for Grant.

Dahlman, Pyles and Dick Wolff with 31, 22 and 11 points respectively, led the Sequoit point-making Saturday evening.

Against Round Lake last Friday evening, the Sequoits tried 71 shots and made 28 for .394 percentage. In charity tosses, AHS attempted 31 and made 19 for .613 mark.

Round Lake on the other hand tried 61 shots and made 28 for .459, while from the free throw line, it attempted 32 and made 20 for .625.

Rebounding the Sequoits gathered in 21 offensive and 25 defensive for a 46 total as compared to 13 and 20 respectively and a 33 total for Round Lake.

The lineups:

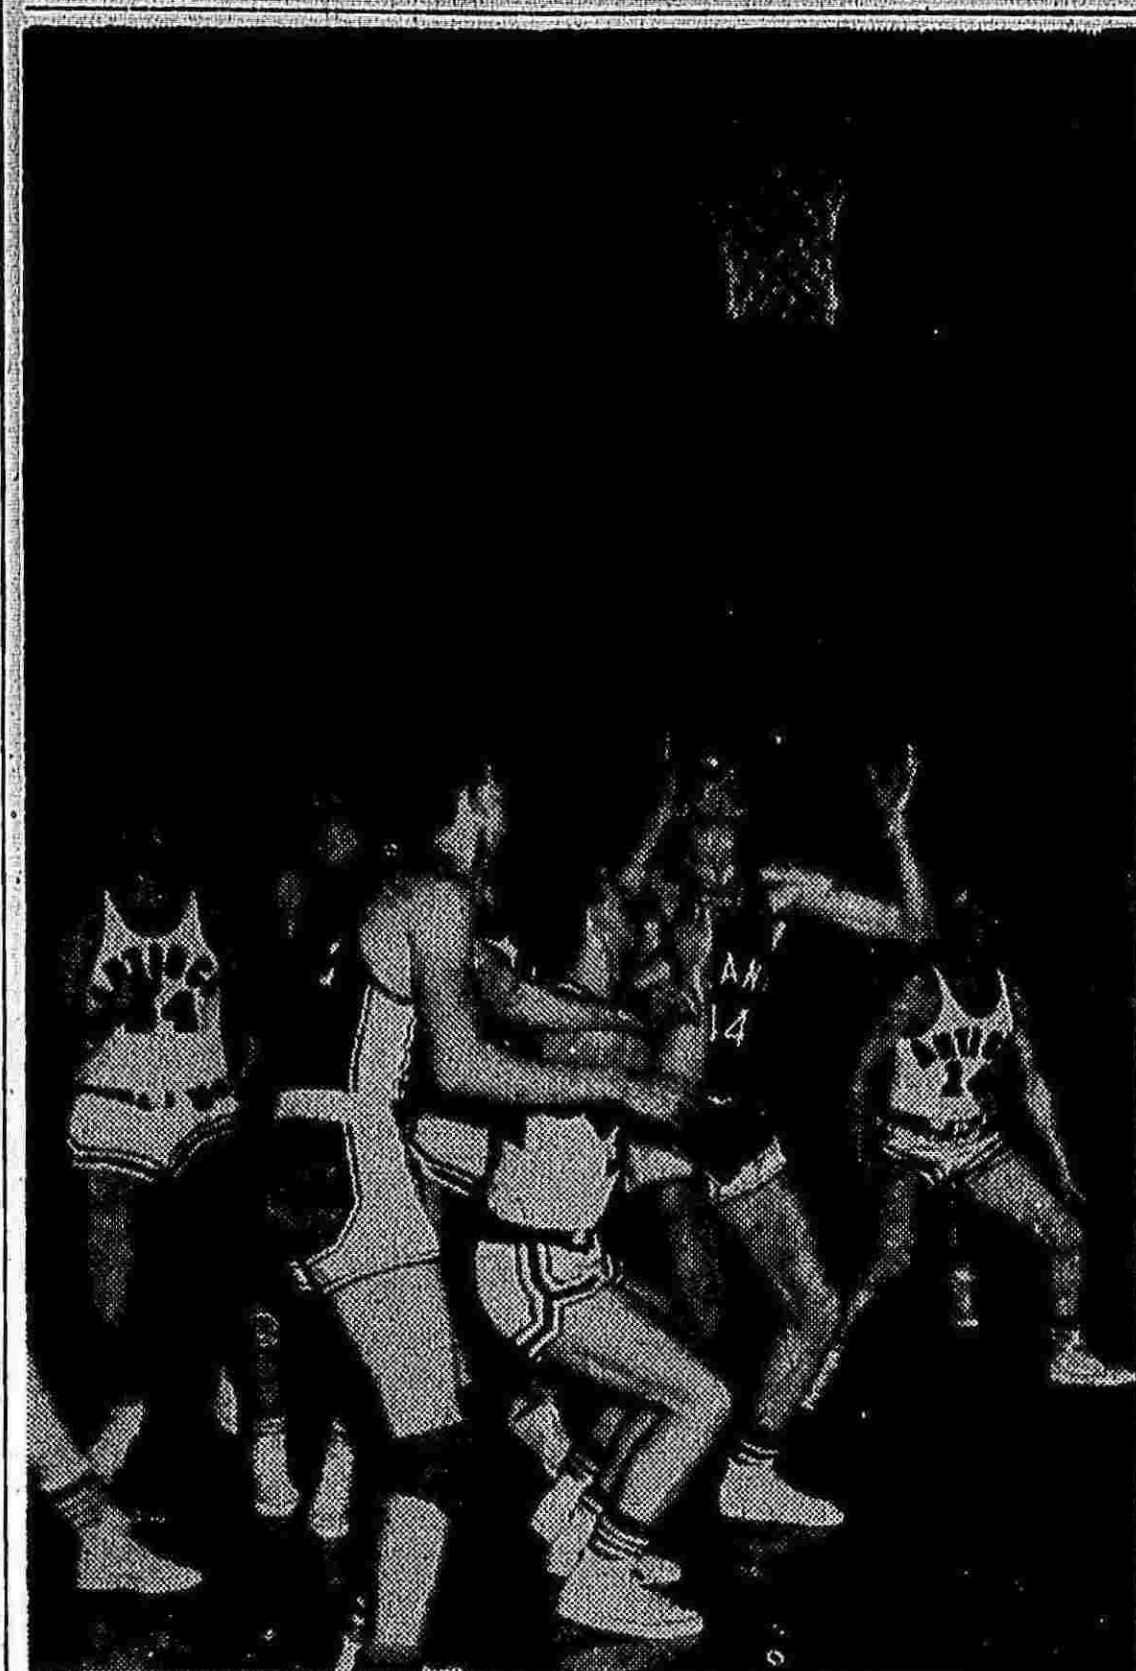

ANTIOCH (75)	fg	ft	pf	t
Pyles	7	8	3	22
Wolff	1	2	3	4
B. Martin	2	3	4	7
Gudgeon	1	0	5	2

	32	18	21	82

Antioch	7	19	26	30-82
Grant	7	9	14	19-49

WHO'S GOT IT? Antioch and Grant high basketball players are shown as they awaited a rebound in the Northwest Suburban conference game played on the Sequoits floor last Saturday evening. This contest was postponed from the Thursday night scheduling due to bad roads following the blizzard. The Sequoits romped in the final two quarters to score an easy victory. Antioch players (in white uniform) are, from left, Bob Martin (No. 34), Don Pyles (mostly hidden), Les Herbst and Dick Gudgeon (No. 14). Jerry Dahlman's foot is in the lower left corner. Grant players shown are Riley, Haerle and Raffel. (Antioch News photo)

Top Area Bowlers to Roll In Tourney Opening Feb. 20

Some of the top men bowlers in northern Illinois, including Chicago, are expected to take part in the 15th annual Antioch men's singles tournament which opens at the Antioch Bowl alley this week Saturday morning.

Around \$5,000 in cash prizes plus a trophy for the individual class winner will be awarded by the time the tourney ends the weekend of Feb. 27-28.

Last season more than 1,000 persons entered with Chico Pacheco of Midway Lanes in Melrose Park coping high honors.

This year the estimated first prize will be \$500 in cash and the estimated second prize will be \$300 in cash.

THERE ALSO will be special awards for both weekends - Feb. 20-21 and Feb. 27-28 for high handicap series, high actual series, high actual games, second high actual series and third high actual series. At least one out of every 10 entries will collect a prize, tournament secretary Joe Sterbenz Jr.

said. Entries are to be filed with him or with Jack Sampayo or Mike Schamberger, proprietors of the Antioch Bowl.

The tournament will be an ABC sanctioned playoff, approved by the Northwest Bowling Proprietors' association.

Among the topnotch bowlers expected to compete are Whitey Cox of Waukegan and Paul Krumske of the Chicago Classic league who are to bowl starting at 6:40 Saturday evening.

Also Morree Oppenheim and his team from the Masters league in Chicago, who will bowl at 8 p. m. Saturday.

Chico Pacheco and his team from Midway lanes at Melrose Park will roll starting at 10 p. m. Pacheco won last year.

SUNDAY AT 11 a. m. it will be Ed Borthka and Art Jensen and

their teammates from the Masters Classic league in Chicago bowling as individuals.

Les Flaska and Wally Lofthouse of the Great Northwest Traveling league in Chicago will roll starting at 3:40 p. m. Sunday.

The famous ex-baseball player and Chicago Cubs manager Gabby Hartnett and his teammates from Gabby Hartnett Bowl in Lincolnwood are down to bowl at 9:20 p. m. on Sunday.

At 11:20 Sunday evening, it will be Buck Perkins, last year's winner of the Lake county individual match game championship, doing his bit.

Squads of four men will roll every 20 minutes, bowling 3 games across 6 alleys and drawing for alleys.

Starting times will be at 10 a. m. Saturdays and Sundays and at noon on Fridays, Feb. 19 and 26.

Wilmot Loses To Elkhorn 5

WILMOT, Wis. Elkhorn took the bull by the horns in the final three quarters on the Wilmot high floor last Friday evening to take a 70-51 decision over the Wilmot Panthers in a Southern Lakes conference cage game.

Wilmot high's quintet shone in the free throw department by sinking 29 out of 39 free throws but they made but 224 per cent of their field goal tries.

The scoreboard favored Elkhorn but 14-12 when the first quarter closed, but it was 33-24 at the half and 50-34 at the three-quarter pause.

High point man for the Panthers was Greg Bush who tipped in 19, including 9 from the charity toss line.

Falcons Stop Clinton Five; Play at Home on Friday

By John Fisher

Central High Sports Reporter

PADDOCK LAKE, Wis.—Central high's basketball team this week looked forward to its Southeastern conference, contest with Union Grove on the Paddock Lake school's floor after downing Clinton 59-49 last Friday evening.

The Falcons will meet Union Grove this week Friday night, with the Central team putting a 11 and 2 record on the line.

Big Foot of Walworth kept in the forefront of the standing last week-end by toppling Palmyra with some ease.

Ron Yates and Len Krawczyk with 18 and 12 points respectively led Central in point-making against Clinton last weekend. Coach Dorm

Grams used 12 players to help keep the victory margin from becoming too wide.

Central was not particularly brilliant at the free throw line, making only 5 out of 17 tries, compared to Clinton sinking 16 out of 28.

But the Paddock Lake quintet led at every quarter pause, including a big 22-point spurge in the third stanza to win with some ease.

In the B squad game, Clinton came out on top by a 37-33 tally.

The Central lineup:

CENTRAL (59)	fg	ft	pf	t
Gentz	0	1	0	1
Foulke	0	0	1	0
Erickson	3	2	3	8
Lentz	3	1	3	7
Johnson	0	0	1	0
Neu	1	0	1	2
Straulin	1	0	2	2
Krawczyk	6	0	4	12
Shultz	2	0	0	4
Weidner	0	1	2	1
R. Yates	9	0	2	18
D. Yates	2	0	0	4
	27	5	19	59
Clinton	12	13	22	12-59
	11	10	7	21-49
